

## Promotion Policy

### Grades 9 – 11

- Core subjects are Math, English Language Arts Social Studies and Science.
- Non-core subjects are Foreign Language, Art & Design, Computer Science, PE and Arabic Studies
- Students failing in the 3 core subjects will repeat the year.
- Students failing in 4 subjects (combination of core and non-core) will repeat the year.
- Students failing in 1 or 2 core subject will do online credit recovery courses during the summer holidays. The school will provide failing students with details of the course/s, and information on how to register and pay online.
- Students failing in Foreign Language or Arabic Studies will do a retest at the school during the summer holidays. The school will provide the student with details of material to be covered in the test.
- Students failing in Art & Design, Computer Science or PE will not do a retest, however they will not receive a credit for that subject, for that year, on their graduating transcript. Students must still fulfill graduation requirements for each subject area.
- Students failing in the credit recovery course of a core subject will repeat the year.
- Students failing the retest of Foreign Language or Arabic Studies will not receive a credit for that subject for that year on his / her graduating transcript with the following constraints:
  - All students must pass Ministry exams in Arabic Studies
  - To be promoted the Ministry requires students to have passed Arabic Studies at school
  - All students must have 2 credits of Foreign Language to graduate (unless they have originally dropped the subject)

The Promotion Policy and Graduation Requirements are posted on the school website
